Preface

This book is dedicated to my Guru Shri KN Rao ji with whose blessing and guidance I am able to write this book on KP astrology. He is the one true inspiration in my life. My true astrological journey started when I attended international astrology course conducted by Bhartiya vidya bhavan in October 2013 under the guidance of Shri KN Rao ji.

My greatest thanks to my whole family specially my wife Mrs. Vidhi tyagi for un conditional support and sacrifice in my astrological journey. Also I would like to thank my real friends Anil Malik ,Mahesh Soni & Amit Tiwari for always encouraging me to march ahead in the field of astrology.

Apart from the above said names , my student are also being a driving force in my life. Without their love and support, it was not possible for me to think beyond the traditional rules of astrology.

Last but not the least, I thank Late Sh. KS Krishnamurthy ji & Late Sh. Suresh Saharshney ji for their greatest contribution to KP astrology.

Appreciation

I am working as a senior administrator and civil engineer with govt. of India. I have been lucky to receive guidance from Shri. Rahul ji during the course of my astrological journey. I am in astrology and practicing it from last twenty four years. Rahul sir has clarity of concepts in all branches of astrology and mastered the subject.

I am really amazed to see that Rahul ji at a very young age has so much of in depth knowledge of astrology. I personally feel that this is only because of the grace of his guru and almighty. He is an exceptionally good teacher and a very hard working astrologer. His dedication towards astrology is really commendable and encouraging.

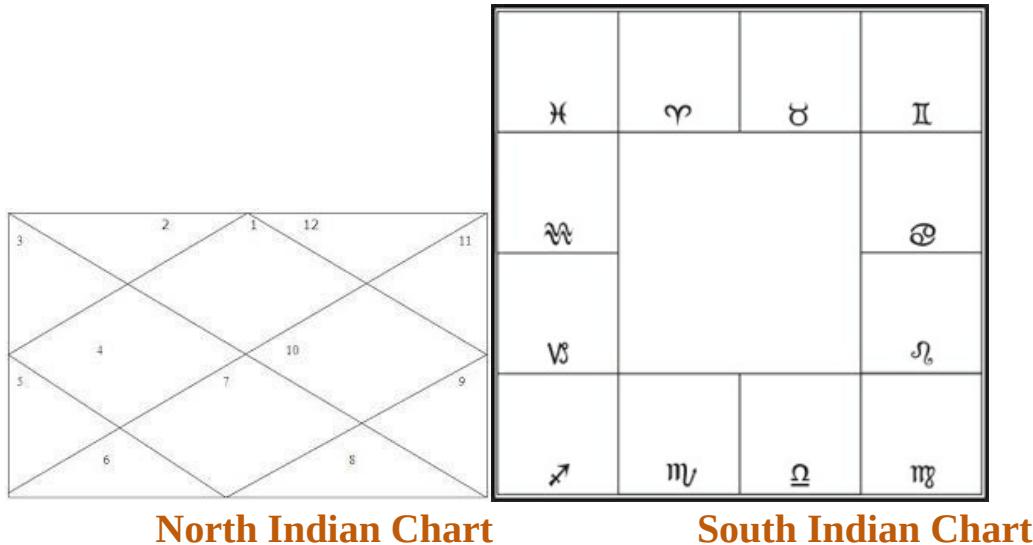

I really pray to god to give him & his family a life full of health, wealth and happiness.

Reading a Script in KP astrology

Some of the very basic rules of KP astrology

1. Planet: Source

Nakshatra: Result

Sub Lord: Quality of Result

In Terms of strength: Planet < Nakshatra < Sub lord

For example , if Jupiter is placed in 4th house, its nakshatra is there in the 8th house and sub lord is in 11th house.

Jupiter 4

Moon 8

Saturn 11

This shows there will be pain (8th house shown in result) because of domestic atmosphere (4th house shown in source). Still there will be gains (11th house shown by sub lord) even after this situation and it will not get worst because of 11th house at sub level.

2. Untenanted Planet along with its Nakshatra come together to form a pair of houses which fructify an event and quality of which is signified by the sub lord.
3. Results will come to an individual during his MAP (Mahadasha, Antardasha and pratyantar dasha).
4. Every 12th house from a house destroys the signification of that house. For example 6th house is 12th house from 7th house which is the prime house for marriage. However there is exception to this rule in some cases.

Golden Rule of Jyotish :

Yoga (Combination of houses) shows what and MAP shows when....

“ yog batata hai ye ghatit hogा , dasha batati hai ye kab ghatit hogा ”

Root Cause of every problem in Astrology

What Makes you cry or suffer: Its 8th and 12th house only. However 8th house is mainly responsible as it gives you pain, suffering, humiliation and many other things like this. 12th house gives you expenditure and loss only, but when got connected to 8th house there will be major and drastic losses resulting in pain and suffering. Therefore whenever someone comes to you, you need to see how the 8th and 12th houses are active mainly 8th

Remedial Basis of 8th and 12th house:

Before entering into field of astrology, I used to visit an astrologer near my place but he is no more. I always noticed that he used to advice people to visit hospitals court and police stations on frequent basis and drink or having some food there. I always wonder why he used to say so.

After entering into field of astrology, I observed that an individual used to visit hospitals, court and police stations especially when 8th house is operating in MAP.

Logically if you are visiting these places when houses related to these places are getting activated in MAP. If you are doing this intentionally then events related to these places may bypass as you are already there where your planets wants you to be.

I have noticed that a doctor have all the combinations of a patient having the most serious diseases. If you look at the chart of a hospitalized patient and a doctor, you will notice that both have 6th, 8th and 12th house in operation in MAP. It clearly shows that god has finalized a destination for every individual and it is fixed. But the way of reaching that point could be different based on the selection through your karma.

This is the point where an astrologer can create a difference in your life by telling you the right choice.

If you are already performing an activity related to a bad house, then the intensity of that house get lowered. For example, if 8th house is activated during MAP, then doing astrology as a profession or business is good for you. Also there will be lesser need of performing any remedy related to 8th house. Same way

if you are experiencing bad results of 12th house like loses, huge expenditure or isolation, then you can positively utilize the energy of this house by start investing, getting involved in a business involved in import or export and most important is doing charity.

Planets related to 8th and 12th house are like products whose GST you have to pay. Now you have two options, either you pay your GST regularly or you have to pay it all of a sudden with a huge penalty. Therefore it is advised in earlier time to do charity on regular basis.

Some religions are advised to donate 10% percent of their earning in charitable work. If we look at this astrologically, we will notice that doing this is an activity to satisfy your 12th house. So always perform charitable deeds so that you won't get any penalty for not paying natures GST.

Utilizing the energy of houses in astrology

6th house: Preparing for any competitive exams, start doing exercise on regular basis and visiting court regularly.

8th house: Practicing astrology, working as an insurance agent, involved in any technical work, blood donations on regular basis.

12th house: Meditation, going to shopping mall and spending there, long journeys to places where environment changes, going to hospitals on regular basis and having food or spending some time there and doing charity regularly.

Health & longevity

1st cuspal sub lord holds the key to health and longevity of an individual.

Good health is indicated if 1st cuspal sub lord through its nakshatra or being an untenanted planet shows the houses 1, 5 , 9 and 11.

1st house is the house of individual himself and his body.

5th house is the primary house of healing.

9th house is the house of luck, thereby representing god grace.

11th house is the house of all kind of gains.

Note: Here we have to note that 9th and 11th house are not good houses for every ascendant.

9th house is bad for all the fixed ascendants. 11th house is bad for all

the movable ascendants.

Therefore the combination of 1 5 11 is good for all the fixed ascendants.

Combination 1 5 9 is good for movable ascendants.

Combination 1 5 9 11 is good for Dual ascendants. Bad health is indicated if 1st cuspal sub lord through its Nakshatra lord or being an untenanted planet shows the houses 1 6 8 12 & Badhak.

1st house signifies body.

6th house is the primary house of disease.

8th house is the pain and suffering and makes the disease chronic.

12th house is the loss to self and hospitalization.

Badhak house is also a very dangerous house but its different for all types of Lagna.

For all the movable lagna, 11th house is Badhak. For all the fixed signs, 9th house is badhak.

For all the Dual signs, 7th house is badhak.

Example: Good health 09/02/1961 02:15 pm
, Delhi

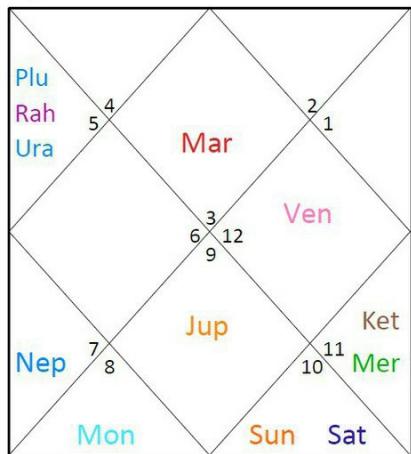

This is a chart of a person who is quite old now but remained fit throughout his life. Now look at the 1st cuspal sub lord and you will see why he is free from any major disease till now.

Example: Bad health 14/03/1956 10.30 am ,
Delhi

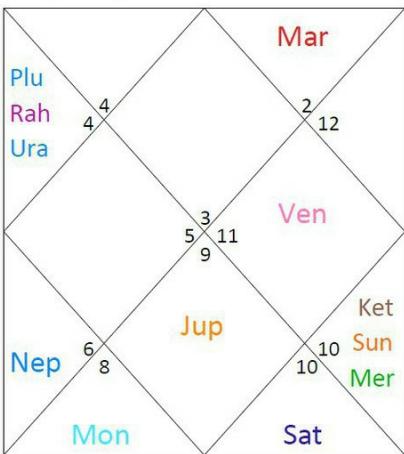

This is a chart of a person who is bed ridden for many years and not able to even walk properly. Now look at the 1st CSL Jupiter and its nakshatra lord ketu. Ketu is also the sublord of 8th CSL.

JOB: Tenth cuspal sub lord strongly signify 6th shows the person will do job.

BUSINESS: Tenth cuspal sub lord if signifying 7th house shows one can or will do business.

Money received from customers is to be seen through **6th Cuspal Sub lord**. If it shows as much as the number from the combination **2 6 10 11**. It shows getting good and easy money through customers.

Problem in profession comes when 8th house is strongly signified. In this case if planet placed in 10th house or the lord of 10th house in the nakshatra of planet placed in 8th or the lord of 8th bring very severe problem. Even one has to close the business in many cases.

Also if any planet placed in 6th house or the lord of 6th house placed in the nakshatra of planet placed in 8th or the lord of 8th. Then one will have very huge financial loss.

Partnership In business becomes possible if 7th cuspal sub lord becomes a signifier of 10th house.

However if any MD is showing 5 8 12 & its Sub Lord is also showing 5th house then one will get ditched by the partner.

Which Profession I Should do??

This question is not very easy as a person who is working as a teacher might be working as a Restaurant owner in the next Maha dasha. However it is mostly seen and observed that one do profession related to those house only which 10Th cuspal sub lord signify.

It is also seen that one will excel a lot in a particular dasha if the person chooses a profession related to the houses shown by the Nakshatra of MD planet.

Success becomes really great if that same house is getting repeated in 10th Cuspal Sub lord signification.

For example if someone is running through the MD of Sun and it is in Nakshatra of a planet placed or owning 5th house. In this case one can choose profession related to 5th house like Advisor, Sports, Performing Arts. The person will make huge money and shine specially if his 10th Cuspal Sub lord also shows 5th house.

So one has to choose both the static promise (shown by 10th CSL) & dynamic promise (Shown by Dasha) and deliver the judgement.

Golden Rule 1: I have observed in my professional practice that the house occupied by the nakshatra of 10th Cuspal Sub lord is the most important house in your career. If one choose a career related to this house , success rate becomes very high.

Example 1: How to choose the best Profession

To understand the golden rule 1, please look at the chart given here. 10th cuspal Sub Lord is Rahu placed in the 9th house. Its Nakshatra lord is Sun placed in the 5th house.

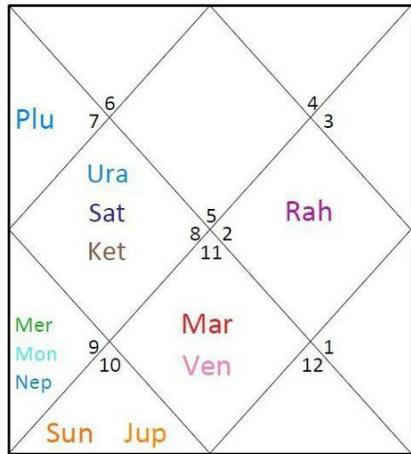

As we all know that 5th house represent healing, providing solutions, advisory, product development, Performing arts and creativity. This person is having a good name in the field of astrology and providing solutions.

Before making astrology as a full time profession. He was working as an Electrical engineer in Product development department in an well reputed electrical products manufacturing company. As you see in both the working profile of this person. 5th house worked as the most important house in his career.

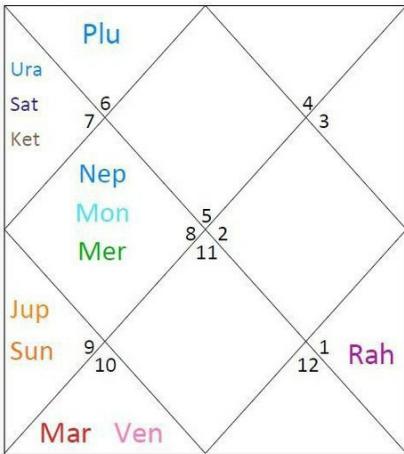

Same way everyone has to look at the house occupied by the nakshatra lord of your 10th Cuspal Sublord. Your duty is to stay connected with that house directly or indirectly in your profession.

If Mars becomes the 4th Cuspal Sub lord:

These people don't have a very peaceful domestic life. Mars is already a signifier of property because of which these people gets a home very easily. There can be fire related accidents also inside the home if mars is connected to houses 8th and 12th.

If Mercury becomes the 4th Cuspal Sub lord: These people don't take much interest in domestic activities. They have large number of window and gates in their houses. They love to have a garden inside their home or having their home in green environment like hills and forests.

If Jupiter becomes the 4th Cuspal Sub lord: These people normally have houses quite bigger in size as Jupiter represent expansion. If Rahu becomes the 4th Cuspal Sub lord:

This is the worst position for rahu being the 4th cuspal sublord. The people don't have the house or the property purchased on their name. The place where they live are the haunted one. These people are advised to check the history of the property they are going to purchase. It has been observed that these people encounter ghost like energy inside their home specially during Rahu major or sub period.

If Ketu becomes the 4th Cuspal Sub lord: These people got their home changed within four year of their birth. Many times they get a two or three sided home. For more effects on home environment, we need to check the sign placement of ketu as the sign lord will contribute a lot here.

Will I get a tenant?

In a horary chart, if 6th Cuspal Sublord signifies 4, 6 or 11 through its nakshatra or being an untenanted planet. During the dasha of the planets signifying 4, 6 and 11, one will get a tenant.

When will my tenant vacate the house?

In a horary chart, if 9th Cuspal Sublord signifies 6th or 8th through its nakshatra or being an untenanted planet. During the dasha of the planets signifying 6th and 8th, tenant will vacate the house.

Will I be able to get my inherited property?

8th Cuspal Sublord signifies 4th or 11th through its nakshatra or being an untenanted planet. During the dasha of the planets signifying 4, 8 and 11, one will get the inherited property.

Marriage & Relationship | Promise of marriage

Marriage is promised in one's life if 7th cuspal sublord through its nakshatra lord or being an untenanted planet signifies any of the houses 2, 7 or 11.

Delay in Marriage:

Marriage is delayed if 7th cuspal sublord through its nakshatra lord or being an untenanted planet signifies the houses 4, 6 and 10.

Divorce in marriage:

There will be divorce if 7th cuspal sublord through its nakshatra lord or being an untenanted planet signifies the houses 6, 10 and 12.

Even if divorce is not there because other's horoscope is not supporting it. Desired happiness will not be there.

Partner Running away

Dasha of a planet situated in a movable sign and signifying 3,6,9 and 12 creates a situation where partner runs away from the home.

Bickering in married life

When dasha planet is connected to 1 , 8 and 12 house and somehow connected to moon or rahu through aspect or conjunction or getting in the star or sub of these planets results in bickering of married life due to doubtful nature, madness and lunatic behaviour.

Remarriage or dual marriage

7th cuspal sublord being mercury or anyhow connected to mercury along with its star lord having any connection with mercury or placed in any of the dual sign promotes second marriage.

Apart from this, 7th cuspal sublord should be a strong signifier of 2nd and 11th house.

Reunion in marriage

This can be more precisely predicted through the help of horary chart. If 7th cuspal sublord signifies 2 and 11 house shows that there will be reunion in the dasha period of planets signifying 2, 7 and 11.

However if 7th Cuspal Sublord is the star of a retrograde planet. The event will not take place at all.

Love Marriage

Love marriage will take place in one's life if 7th Cuspal Sublord through its nakshatra lord or being an untenanted planet signifies 5th house.

However if 5th CSL signifies 6th and 12th house through its nakshatra or being an untenanted planet, the love affair breaks.

If 7th cuspal Sublord through its nakshatra lord or being an untenanted planet signifies 4th house, then there will be breakup before the marriage.

Working women

Profession of partner is seen through the 4th Cuspal Sublord. If 4th Cuspal sublord shows the houses 4, 8 and 12 indicates that one will get a working partner.

Where to get wife and how one will marry

If 7th Cuspal sublord is a strong signifier of 4th house, then partner may come from the same area or locality.

If 7th cuspal Sublord is mercury or connected to it and becomes the signifier of 3rd house. Then the partner comes through internet or newspaper.

If 7th cuspal Sublord is Venus or connected to it and becomes the signifier of 3rd house. Then the partner comes through Vivah mandal.

Age difference among the partners

There will be a normal age difference of about 3 to 4 years if 7th Cuspal Sublord is Sun, Moon, Mars, Mercury, Jupiter and venus.

The difference will be big if 7th cuspal sublord is Saturn.

In case of Rahu/ketu becoming the 7th cuspal Sublord, there will be unorthodoxy among the pair because of cast, religion, height, colour or anything.

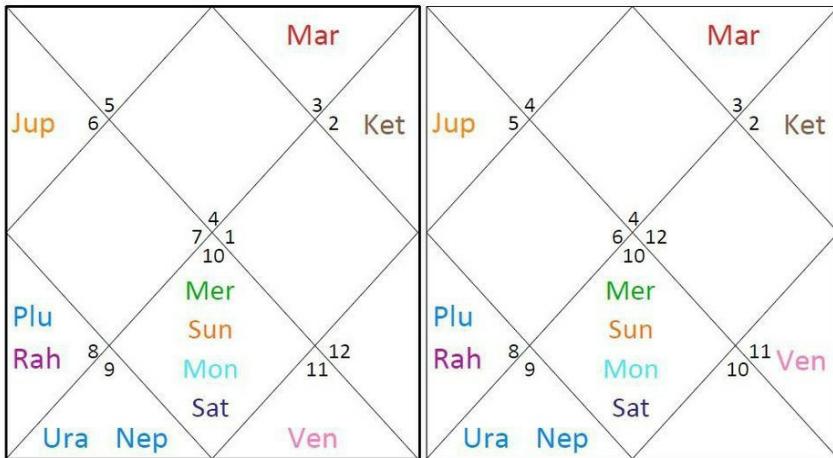

Example 1: Love Marriage

As discussed above, love marriage will take place when 7th CSL shows 5th house at nakshatra level. However the marriage will not be possible if 4th house comes at the nakshatra level of 7th cuspal sublord as it shows the breaking of affair before marriage. Here 7th CSL is Saturn showing 5th house at Nakshatra level.

Physical relation in affair

There will be physical relation in affair If 5th Cuspal sublord signifies 7th house. There may be abortion also if the same suspal sublord is connected to 8th house also.

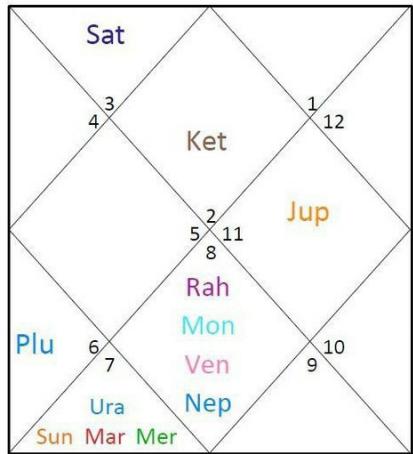

Example 2: Divorce

Look at the example chart 2. The couple divorced just after few years of the marriage. Now look at the 7th Cuspal Sub lord. It will tell you the complete story.

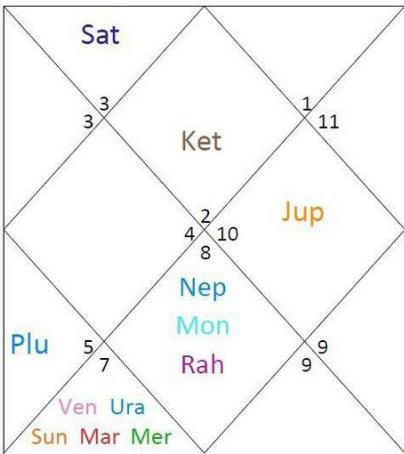

Look at the 7th cuspal sub lord venus which is an untenanted planet. Now untenanten venus in this chart along with its nakshatra lord clearly signifies 6th & 10th house. It is also getting strength from its sublord which is also signifying 6th and 12th house.

Rules of timing of event

Rule No. 1

First of all prepare the script of planets and understand it in this way:

Planet act as a source of a particular result. **Nakshatra lord** shows the area or the nature of the result. Finally it is the **sub lord** which will finally decide that result will fructify or not and the person will enjoy the result or not.

Rule No. 2

Result comes in the joint period of planets which is known as **Mahadasha, Antardasha** and **pratyantardasha (MAP)**. Planets active in MAP should signify the result giving houses.

Rule No. 3

While timing any event or answering any query. Take the main house **Cuspal Sub Lord** and see whether it promises the event or not.

(Note: If the question is horary based and main cuspalsublord is **retrograde**, then event won't take place until it becomes **direct**. However if, the star lord / Nakshatra lord of the main cuspal Sub Lord is retrograde, the matter will not fructify at all.)

Rule No. 4

Apart from the natural lord ship. The **karak** of a event should also take into account. This karak should make a relation with the star lord of the main **Cuspal Sub Lord** under consideration.

For example, in case of marriage or vehicles, Venus should also take into account.

(Note: The above rule is very much applicable in horary)

Rule No. 5

After analysing the promise of event, pick out the planets which are capable of delivering the result. In this case **fruitful signifiers** are the planet which will actually deliver the event. These are the planets which indicates a result particularly at the untenanted planet or Nakshatra level and finally confirms the result at sub lord level.

Finally these are **the fruitful Significators** only which delivers the result.

(**Untenanted Cuspal Sub Lord** of a particular house also becomes a strong Fruitful signifier for that house. For example, If Mars is an untenanted planet , and it becomes the cuspal Sub lord of 5th House . Then during Mars dasha child birth can take place even if Mars is not signifying child birth strongly through its script.)

Rule No. 6

After picking out the fruitful signifiers for a particular planet. **Ruling planet** of that particular time, needs to be considered. Ruling planets are the planets which rules a particular moment with reference to the position of **Ascendent** and **Moon** of that time.

Normally we take four ruling planets which are:

Lagna Lord , Moon Star Lord, Moon sign Lord and day lord.

Sometimes we also take the 5th ruling planet which is **Lagna Star lord** and in hierarchy it comes to the top order but it is optional.

In case of strength of ruling planets, we always need to follow the hierarchy. Therefore, Lagna Star (Optional) and Lagna will always be strong and day

lord will be the weakest. Repetition of a RP doesn't make it the strongest so hierarchy needs to be followed.

Ruling planets which are in the star of a Retrograde planet needs to be discarded immediately.

Rahu/Ketu will be added in RPs instead of replacing the original RP and more focus will be given to them.

Also the actual result delivering ruling planets are those whose Nakshatra lord is also signifying the event.

Take out the **common planets** between RPs and fruitful significators. They are actually the planets in which time periods, the result will come.

Rule No. 7

After picking out the MAP planets, transit will come into play to find out the exact time. For judging the year, Jupiter transit will help. In case of month it is sun, Moon will be taken for the day and Lagna for the hour of happening.

Rule No. 8

Deliver the judgement and thanks your guru, pitra and almighty for blessing you with the divine knowledge.

Ruling Planets

Event Happening within a year

Whenever any event has to take place within a year. In that case transit of sun will help you in knowing the team. Whenever sun will transit into a sign and nakshatra ruled by ruling planets, event will take place. For example if we have ruling planets as shown below.

Lagna Lord: Moon Moon Star

Lord: Ketu Moon Rashi lord:

Sun Day Lord : Mars

Now if sun is in the pieces which is ruled by Jupiter. As we already know that the event is far therefore the next sign in which sun will transit will be cancer ruled by moon. Now, Moon is there in the ruling planets. But the Nakshatra which comes under cancer are ruled by Jupiter , Saturn and Mercury.

None of these planets are there in the ruling planets. So we will move to the sign Leo ruled by sun. Leo is having three nakshatra ruled by Ketu, Venus and Sun. Ketu is again there as a ruling planet.

Therefore the event will take place when sun will transit in Leo Sign and ketu Nakshatra. This is how we can predict any event which has to take place within a year. The same way we can calculate for event to be happened in years through Jupiter Transit.

Event happening within a month

If you know that any event has to take place within a month. In that case the transit of Moon will be considered. Whenever Moon will transit in a sign and nakshatra ruled by ruling planets, the event will take place. For example if we have ruling planets as shown below.

Lagna Lord: Moon

Moon Star Lord:

Ketu Moon Rashi Lord:

Sun Day Lord: Mars

Now if Moon is in the pieces which is ruled by Jupiter. As we already know that the event has to fructify few Days later, we will not consider the transit of Moon in Aries sign.

Therefore, the next sign in which Moon will transit will be cancer ruled by moon. Now, Moon is there in the ruling planets. But the Nakshatra which comes under cancer are ruled by Jupiter , Saturn and Mercury. None of these planets are there in the ruling planets. So we will move to the sign Leo ruled by sun. Leo is having three nakshatra ruled by Ketu, Venus and Sun. Ketu is again there as a ruling planet. Therefore the event will take place when Moon will transit in Leo Sign and ketu Nakshatra.

Event happening within a Day

Whenever an event is about to happen within a day. The transit of lagan will be considered. The lagan when transit into the sign star of the ruling planet. The event will take place. This way you can predict a lot just by looking at the ruling planet.

DASHA Pravesh Paddhati

Dasha means situation and pravesh means entry. It means at the time when your antardasha will begin. You have to check its pravesh or entry in a particular sign.

However this method applies to antardasha only as during a mahadasha the first antardasha is of that MD lord itself. That sign lord will give you a real picture of the coming time.

For example, if someone is starting his Saturn antardasha and Saturn was transiting in libra sign. So the result felt here during this period will be that of Venus.

We will try to understand this concept through the following examples.

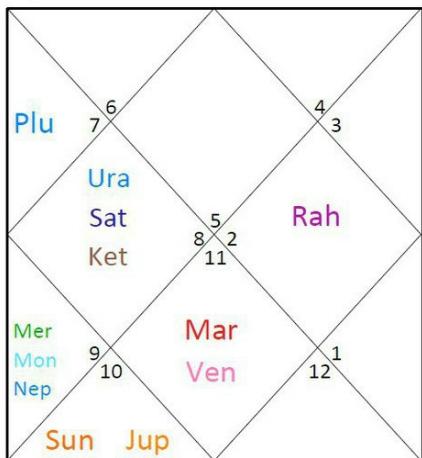

Example 1: In the following birth chart, the native was running the Jupiter AD in 2000. During March 2000, native appeared in the board examination and stood second in the class.

Now look at the Jupiter. It is very bad in terms of education as it shows 5 8 at sub lord level. Now look at the Dasha pravesh of Jupiter. It transited through the sign of scorpio whose lord is mars.

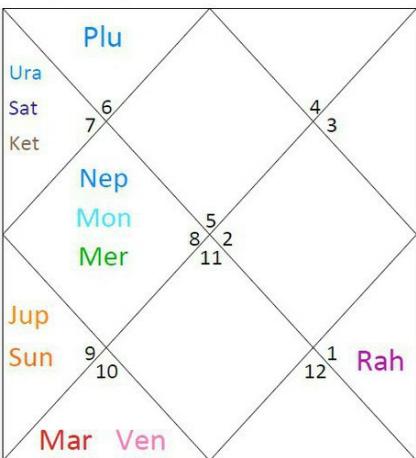

Now look at the mars, the most beneficial planet for education in this chart showing 4 11 at sub lord level. This is how result get reversed by applying dasha pravesh paddhati.

Example 2: In the chart below the lady gave birth to a daughter in the Venus mahadasha and mercury antardasha. In coming Mars antardasha she conceived and just after two months she had a miscarriage related to same.

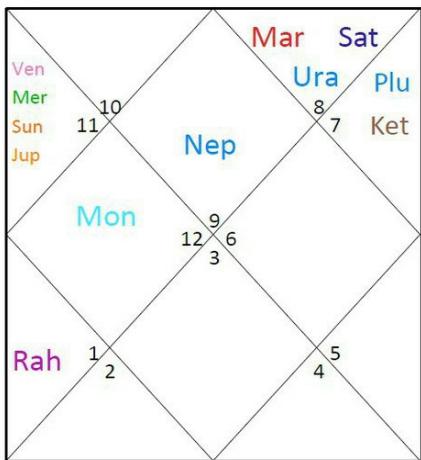

Now look at the Mars in the chart which is clearly showing the birth possibility of child during this period. Now look at the date when Mars AD got started. It was transiting in the rashi of Venus.

Now Venus here shows the possibility of having a child as it is untenanted and its nakshatra lord can also deliver the child. But problem lies in the sub lord showing 4 8.

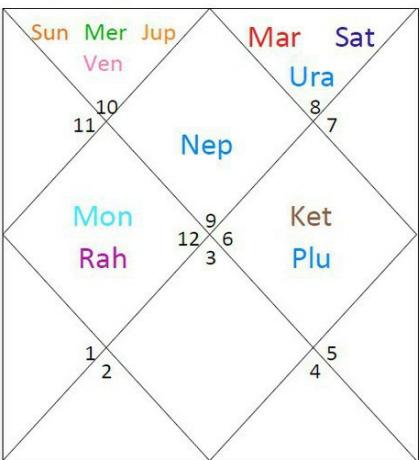

This is how things get reversed after applying dasha pravesh paddhati. In my next editions of the same book. I will be adding some more techniques through which readers can predict any event.
